

# Soo Line Regional Trail, South: Morrison County Section

This factsheet summarizes trail-level data for Soo Line, South: Morrison County Regional Trail. Use estimates were derived using location-based services (LBS) data and represent the number miles traveled on trails by bicyclists and pedestrians.

This research project was funded with Legacy Partnership Research Funds from the State of Minnesota Parks and Trails Legacy Fund. LBS data was obtained from StreetLight Data, Inc. and was accessed in July 2023.

Soo Line, South: Morrison County is part of the Greater MN Regional Trail system (Greater MN District 4). Trail boundaries were accessed via personal communication in July, 2021 and may have been edited to improve LBS data performance.

## Total annual miles of use

| Year | Total miles traveled | Bicycle miles traveled | Pedestrian miles traveled | Total counter estimate | Bicycle counter estimate | Pedestrian counter estimate |
|------|----------------------|------------------------|---------------------------|------------------------|--------------------------|-----------------------------|
| 2019 | 21,444               | 18,605                 | 2,838                     | 5,288                  | 4,479                    | 1,695                       |
| 2020 | 9,615                | 4,823                  | 4,792                     | 6,229                  | 5,716                    | 1,550                       |
| 2021 | 15,464               | 8,764                  | 6,700                     | 8,134                  | 7,597                    | 2,031                       |

## Monthly use

Each point in this time series indicates estimated monthly miles traveled on Soo Line, South: Morrison County.

## Mode share

Mode share shows the percent of trail use occurring by bicyclists and pedestrians. Points show the monthly averages across the study period.

## Hourly use

Hourly use during summer 2021 shows patterns of when visitors use trails on weekdays and weekends.

## Visitor home locations

Inferred visitor home locations are reported at the block group level. Darker colors indicate more visitors from a given block group. During 2021, approximately 98% of visitors to Soo Line, South: Morrison County lived inside of Minnesota while 2% of visitors lived outside of Minnesota.

## Visitor demographics

Visitor demographics are inferred based on home locations and data from the 2020 US Census. The table summarizes inferred demographic attributes of visitors to Soo Line, South: Morrison County during 2021 (LBS data). 2020 US Census data for Greater Minnesota (the state minus the 7-county metro area) is provided for context. Please note that local and/or historical context is crucial when interpreting trail-level demographic data.

|                | Category | Census Group                               | Trail Estimate (entire 2021) | Greater Minnesota Average |
|----------------|----------|--|------------------------------|---------------------------|
| Race/ethnicity |          | American Indian                            | 0.1%                         | 1.6%                      |
|                |          | Asian                                      | 1.0%                         | 1.5%                      |
|                |          | Black                                      | 1.5%                         | 2.7%                      |
